

DECEMBER ACTIVITIES

December 12th

Dear Friends of the Explorers,

As many of you know, CCSO has the distinction of hosting one of (if not) the largest Law Enforcement Explorer Posts in Washington and in the Metro Area. These 15-21 year-olds have a drive and desire to be the next generation of law enforcement. Many of you have stepped up and graciously given of your time and expertise to pay forward what may have been given to you at a prior point in life. For that you have our thanks.

We encourage our Explorers to be active in their community, both as solid citizens and representatives of the Sheriff's Office. This year, Explorers have volunteered over 4,300 hours, the majority of which were at community events in Clark County. Whether it's providing traffic control at the Hazel Dell Parade, fingerprinting kids at a safety fair, or helping out at a PAL Soccer Camp, CCSO Explorers have had a significant presence in Clark County and strive to make a positive impact on our citizens.

Since we are funded almost entirely through donations, it is our desire to raise funds that will carry us through the coming year by providing uniforms, equipment, and academy scholarships. Here's how you can help:
