

Annual Report 2015

CLARK | COUNTY | COMMISSION | ON | AGING

Over 10,000 people turn 65 daily,
a trend expected to continue to
2030

If you live to be 65, you are
likely to live to be 85

This group commands 73% of the
disposable income of Americans

In the workplace this group is known for diligence, loyalty and commitment

There are twice as many
entrepreneurs over 50 as under
25

87% of Americans want to
“age-in-place”

In 2012, the Commission on Aging
was established to provide
leadership, advocacy and
awareness to initiate change

Here's what we've been up to
this past year

We brought time banking to Clark County

The image shows the exterior of a modern, multi-story apartment building named Vista Court. The building features a mix of light yellow horizontal siding and tan vertical panels. A central entrance is highlighted by a dark green awning with the name "VISTA COURT" in white serif font. Above the glass double doors, the address "1405" is visible. The building has several windows, some with dark shutters, and balconies with metal railings on the upper floors. A blue recycling bin and a small tree are visible in the foreground near the entrance. The sky is overcast.

We continue to advocate for more affordable housing for seniors
