

Salmon Creek

The third Parks Plan Open house was held from 5-7 pm Thursday at the Three Creeks Library, 800 NE Tenney Road in Salmon Creek.

- This was by far the most heavily attended of the three open houses.
- 59 people signed in, and more than 80 people attended (often only one person from a couple/family signs in).
- Maps were displayed showing the unincorporated county's existing parks and trails.
- 35 people filled out comment forms.
- Many comments were made on the flip charts near displays.
- Many comments were made regarding trails, equestrian facilities and the Greater Clark Parks District.
- Three laptops were provided so people could complete the online parks survey.
- As of Friday morning, a total of 653 people have taken the online survey. (I changed the survey settings this morning so only one response per computer will be accepted. This feature was disabled during the open houses so multiple attendees could take the survey using the same laptop.)

The open house phase of public involvement is now complete.

Parks staff will continue to gather public input through our online survey, stakeholder discussions and other techniques. All comments submitted will become part of the official record for the comp plan update.
