

**CLARK COUNTY  
STAFF REPORT**

**Department:** Board of County Commissioners  
**Date:** December 17, 2013  
**Request:** Approve a ninety-day project completion extension for 2013 cycle Historical Promotion Grants Program award for the American Legion Post #27 Interpretation project.  
**Type of Request:** Consent

---

**Background:**

RCW 36.22.170 allows the County to impose a one-dollar surcharge to be used to promote historical preservation or historical programs. Grants using those funds are reviewed and recommended by the Historical Promotion Grants Program Advisory Committee (HPG) and approved by the Board. Five applications during the 2013 grants cycle were approved. One of those grants was awarded to the American Legion Post #27. It has recently come to the attention of the county that the project will need an extended time frame for completion, and so the American Legion has requested a ninety-day extension to the normal project completion deadline. Staff recommends that the project completion deadline be extended as requested.

**Budget Implications:**

There are no budget implications since these grant amounts were already approved by the Board on December 18, 2012.

**Policy Implications/Community Outreach:**

There is no contradiction with current County policy or policy implications. HPG is comprised of museum and academic representatives, the County Auditor, and a County Commissioner in order to maximize representation and outreach.

**Fiscal Impacts**

No

**Action Requested:**

Approve a ninety-day project completion extension for 2013 cycle Historical Promotion Grants Program award to the American Legion Post #27 project.

**Distribution:**

Clark County Auditor  
Office of the County Administrator  
Office of Budget
